July Edition

Know this:- you will never know the value of a moment until it becomes a memory.

Welcome to July and what has been a very hot few weeks but nothing more than we have come to expect in Spain over the summer months. Nevertheless it sneaks up on us every year, take care.

Our June monthly CMO meeting only attracted 55 members and the lunch numbers were down again. I am hoping that the heat and holiday period is the only reason. Thank you to all those who came, to Michelle for stepping in for me and John Macgregor for his life stories.

In **September** we have one of our very own and long standing members, **John Lewington** who will tell us about his worldwide travels. John is a good speaker and has been on many trips abroad and has a lot of stories to tell. Please support him, drop in for a coffee and a chat.

Those observant amongst you would have noticed that the Defibrillator was removed off the wall in the CMO at the meeting in June. The powers that be at the Town Hall cited Health and Safety issues. Really !!! Let's hope there are no real health and safety issues now that it has been removed. Watch this space.

In social news, due to personal circumstances, our recently co-opted social coordinator Jennifer has left us. Still, onwards and

upwards. I am pleased to say recent past events have been a success, with the BBQ at Los Angeles going down well (especially the games). Well done and thank you Michelle, Beverley and Shaun. We have the **'Welcome Back' dinner dance** at La Herradura on the **23rd September**, the **Caminito del Rey break** at the **end of October** and in between we are having a **Cheese and Wine afternoon** on the **6th October**.

Keep an eye on your email box for details of all these events. Plus more to come before the end of the year.

There will be a 'social payment only' coffee morning at the Captains Table on Saturday 9th August for anyone wishing to pay for any events.

In general news... It's hard to know who owns who these days in business. Aviva has just bought Direct Line insurance which includes Churchill and Green Flag. Like I said, it's hard to know who owns who.

Should you be travelling to see friends or family, going on holiday or simply staying for the summer in Spain then please take care.

July riddle:- What has a face and hands but cannot speak 🕒

Answer:- A Clock
