

Torrevieja U3A Newsletter

September Edition

Know this:- Don't count the days, make the days count.

Why not, make yourself a drink, sit back, relax and read this September newsletter. It will bring calm to what otherwise may be a busy day. It brings information on your association and reminds you of what you have been missing or what lies ahead for you to enjoy.

Monday 29th September at 11am. We will be back after a long hot summer. Our next CMO monthly meeting. Come and join us, if only to look at our new look library set up 

A summer break is always time for me to reflect on what we have done and what we could do. Why do some people always come and others don't. Where are we going wrong ?. Or maybe we aren't, it's just that life is so busy for most people. All that said, it's always good to get feedback from the monthly newsletter and from social events and meetings. It comes in various forms.

Welcoming, informative and constructive. Thank you.

Our speaker for this month is one of our very own members. John Lewington. John will take us on some of his many worldwide travels. John has been part of the u3a for many years and we welcome him to speak for the first time. Please fill the hall and make him feel

welcome.

Members charity donations this month will be collected by the Finca de La Castellana. Based in San Miguel. Doing a tremendous job of rehoming and fostering animals since the year 2000. They spoke to us and brought along some furry friends this time last year.

For a long time now our CMO meeting library situation has both frustrated and annoyed me as I am sure it has you on occasion. The ability to see clearly what we have and how the books are displayed. Well, I hope this month it is better for you. I would like to thank all those involved in the purchase of our new book cases, building and adapting them for easy use and storage and the sorting of the books. Thank you and well done 🙌

On a similar note, we have a large array of Videos, DVDs, and CDs, both music and films as well as box sets covering a variety of genre and decades. If you would like to look through these and take any away, let me know. They are available at the CMO building, taking up space and in need of rehoming.

The latest groups update is now on our website and you should all have had your own personal email copies. It's full of interesting information as well as group leader opportunities.

Our social events have been and are being well supported and personal email flyers and the website hold all the information for the remainder of the year and even into 2026

In general news...

The long running dispute of the Cabo Roig promenade walkway is over with the opening of the 30m stretch effective immediately.

Did you know that Spain has lifted a long term blood donation ban on British nationals. Following the commonly known "mad cow disease" outbreak over 29 years ago we have not been allowed to donate blood in Spain. However you will need to check with your local salud regarding age and blood type eligibility.

I told you to sit back and relax before reading. There was a lot to take in. 😎

September riddle:- what has legs but can't run.

Answer:-

A chair
